We tried to zap  
saroni but then we  
remembered that if  
you hit saroni with  
electricity he gets  
stronger! but then  
he zapped dhé to  
the moon!! then saroni  
transported  
away!

We saw him and

flew after him but  
he set the world on fire like  
this!

We needed to save  
the world by stoping  
Savohi! But first we  
needed to put out  
the fire! So we went  
to the water backis  
and asked them to  
help, they said no.  
But we were friends  
with the water spiders.  
So we went to see  
them.
